Hello, I am Jaime, a self made (after bootcamp) Software Creator, I was born in Mexico and have been a digital nomad for the last two years.

Most of my experience consists of building products (and teams) from the ground and that is my favorite setup. That has led me to learn to do multiple things besides coding like design, setup servers in the cloud, CI/CD, prioritize team tasks and manage people.

Experience

Zeel.com - Project Lead - (Vue/Node/Python) - Remote

Led the development of the internal tools that allowed our team to run the business.

Apr 18 - May 19

CervezaSiempre.com - Project Manager - (Vue/Node/Python)

Built -in 2 months- the first version of a beer subscription service for the biggest beer company in the world.

Jan 18 - Apr 18

Eiya.mx - Lead Developer (Vue/Node/Python)

Coded the messenger app, internal control panel, restaurant panel and customer facing website for tracking.

Aug 16 - Oct 17

Rappi.com - Full Stack Developer (jQuery/Python)

Started the engineering team in Mexico and built the first version of the internal operations console.

Feb 16 - Aug 16

Centraal.com - Junior Full Stack Developer (jQuery/Python)

Built an internal system to manage the coworking space and gave support to all the technology in the space.

Jun 15 - Feb 16

Formal Education

Dev.F - Developer Bootcamp

Apr 15 - Jun 15

Hobbies

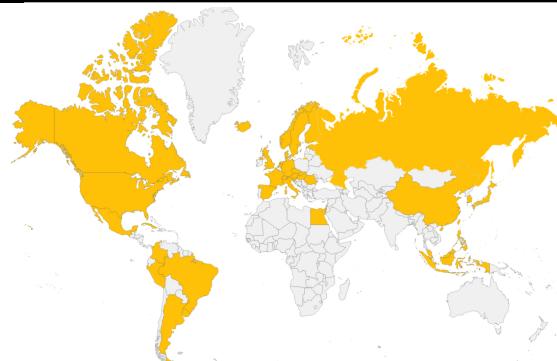

UNAM - Industrial Engineering

Aug 14 - Apr 15

IPN - Business Admin

Aug 14 - Apr 15

I love traveling, have been to 42 countries so far. I also enjoy bicycling, riding my monocycle, going to hackathons and petting doggos.
